PART II: GENERAL CONCEPT OF OPERATIONS
DURING REPORTING PERIOD

During the reporting period, emphasis was placed upon training and rehabilitation of the battalion. General Military Subject Proficiency Tests, Physical Readiness Tests, and Swimming Qualification Tests were conducted during the reporting period. Weapon's training included familiarization firing of all individual weapons, extensive training, and firing of all crew served weapons except the 60mm Mortar. No training ammunition was available for the 60mm Mortar. Throughout the reporting period a concentrated effort was made toward small unit tactics and specialty training such as: Counter Guerrilla Warfare, Demolitions, Land Mine Warfare, Jungle Lane, and Trap Line. In addition to the above training, Companies "A" & "B" received instruction in Amphibious Raid Techniques while Companies "C" & "D" received introductory type training in the use of rubber assault boats. Formal school training was attended by 103 enlisted and 8 officer personnel. In the areas of equipment, supply, and personnel the battalion reached the Operational Status of C-1. The Medical platoon administered inoculations to all personnel preparatory to returning to RVN. Dental examinations and fluoride prophylaxis were given to all battalion personnel.
